# CAL FIRE NEWS RELEASE

California Department of Forestry and Fire Protection

**CONTACT:** Information Line:  
(707) 967-4207

**RELEASE DATE:** October 17, 2017  
7:00 a.m.

## CENTRAL LNU COMPLEX

### **Reopening of Santa Rosa Regional Hospital**

**As of 7:00 a.m. today the Mandatory Evacuation for Sutter Santa Rosa Regional Hospital located at 30 Mark West Springs Rd has been lifted. Mandatory Evacuations remain in effect for all the areas around the hospital currently in the Mandatory Evacuation Zone.**

Access to the hospital is limited to the Sutter Entrance. All other access points will be closed and staffed by law enforcement.

To see if your address is evacuated, use the online, up-to-date evacuation map for Sonoma county available at <https://tinyurl.com/centrallnuevacs>.

Conditions are subject to change at a moment's notice. Please continue to adhere to road closures and any evacuation warnings. If you see electrical wires on the ground, stay clear and contact PG&E immediately. Trees and poles with deep charring, particularly if still smoking, should be considered hazardous. Please drive slowly and yield to emergency personnel in the area. If at any time you feel unsafe, please call 911. There will still be smoke in the respective areas as firefighters continue firefighting operations. We encourage the public to remain prepared for wildfires by visiting [www.readyforwildfire.org](http://www.readyforwildfire.org).
